GCT New York | GCT Bayonne

# GCT Bayonne

## Advanced Efficiency

Strategically located outside the inner harbor, semi-automated GCT Bayonne is the most efficient terminal in the Port of New York and New Jersey and one of the most technologically advanced facilities in North America.

- ✓ GCT operated on-dock rail facility
- ✓ High-speed gate complex with time saving truck appointments
- ✓ No air or water draft restrictions
- ✓ Closest terminal to harbor entrance, reducing vessel transit time by four hours
- ✓ Direct access to North East Highway system

## Facility Details:

Size	197 acres (79.7 hectares)
Berth Length	2,700 feet (823 meters)
Depth	50 feet (15.2 meters) MLW
Truck Gates	High-speed, high-definition OCR portal + truck reservation system
Intermodal Yard	On-dock, full service, 30 acres (12.1 hectares)

# GCT New York

## Customer-Focused Consistency

Dedicated to providing best-in-class service, GCT New York offers seamless access to consumer markets in New York City and New Jersey. Located on Staten Island, the bustling terminal consistently delivers both the highest productivity in the harbor and leading truck turn times.

- ✓ GCT operated on-dock rail facility
- ✓ Industry-leading reliable turn times
- ✓ GCT operated near-dock Customs Examination Station
- ✓ Quickest truck turn times in NY/NJ
- ✓ On-dock reefer warehouse

## Facility Details:

Size	187 acres (58 hectares)
Berth Length	3,012 feet (918 meters)
Depth	50 feet (15.2 meters) MLW
Truck Gates	24 paperless, computerized gates
Intermodal Yard	On-dock, full service, 20 acres (8.1 hectares)
