Unmatched Innovation & Rail Velocity

GCT offers seamless connectivity to two Class 1 railways at North America's most capable facilities.

With the highest capacity, efficient configurations, and the most advanced semi-automated technology on the West Coast, we ensure unmatched reliability and efficiency.

Our premiere, semi-automated terminal boasts record-breaking capacity of over 50,000 feet of rail per day, providing unmatched surge protection for your supply chain. Dual rail access via CN and CPKC at our two on-dock rail terminals ensures daily connections to destinations across Canada and the U.S. **Choose GCT for competitive, consistent rail service and a partner you can rely on.**
