

Canada's Pacific Gateway
GCT Vanterm | GCT Deltaport

Synchronized Logistics

Over a century of experience, delivering cargo seamlessly and reliably.

Global Container Terminals is a leader in terminal innovation and performance on the West Coast. Operating two strategically located terminals in the Port of Vancouver, Global Container Terminals is pivotal in facilitating trade between Canada and over 170 global economies. With 4 berths and a combined handling capacity of nearly 3.5 million TEUs, GCT is a leader in terminal innovation and performance on the West Coast. Continued investment and trusted relationships with supply chain partners—including the world's largest ocean carriers—provide the velocity and flexibility shippers need to thrive in today's dynamic market.

Key Advantages

Shorter Transit Times and 24/7 Operations

Benefit from expedited Trans-Pacific transit times and direct access to key international trade routes every day, all day.

World-Class Infrastructure

Best-in-class access to major freeways and two Class 1 international railways.

Canada's Largest Container Terminal

Operating Canada's Flagship Terminal - GCT Deltaport (since 1997) and GCT Vanterm (since 1975).

Commitment to Excellence and Sustainability

Operational Excellence

Our long-standing commitment to operational efficiency ensures seamless service, high productivity, and best-in-class technology.

Sustainability Leadership

GCT is Green Marine certified and committed to achieving net-zero emissions by 2050.

Safety First

We uphold the highest safety standards with rigorous protocols and an excellent safety record in terminal operations.

Strong Partnerships for Growth

Rail Connectivity

Service level agreements cover 22 key rail destinations across Canada and the U.S., enhancing connectivity and speed.

Trusted Partner

We maintain strong relationships with the world's largest ocean carriers, offering unmatched service and flexibility to help customers thrive in today's dynamic market.

GCT Deltaport

Surge Ready

GCT Deltaport, located in the outer harbour, is Canada's flagship marine terminal. With three contiguous berths and North America's largest semi-automated on-dock rail yard, this facility is designed to handle the largest vessels and surges to keep pace with the evolving needs of the industry.

- ✓ Semi-Automated; 1.9 million TEU annual rail capacity
- ✓ Serviced by two Class I railways - CN & CPKC - with the option to add a third
- ✓ Proven surge capacity - consistently recovering from disruption
- ✓ Cutting-edge terminal technology
- ✓ Ongoing terminal upgrades, including replacing old ship-to-shore cranes with modern, efficient ones, will enhance service for the largest vessels at all three berths

Facility Details	Size	85 hectares (210 acres)
	Capacity	2.4 million TEUs annually
	Berth	3 - 1,110 contiguous metres (3,600 feet)
	Rail	On-dock, 8,323 metres (27,300')
	Rail Service	Daily to Canada & U.S. Midwest
	STS Cranes	12 Ship-to-Shore Cranes

GCT Vanterm

Quick, Connected, Capable

Situated strategically in Vancouver's inner harbour, with quick access to major markets. Recent terminal upgrades have streamlined service at GCT Vanterm and equipped the facility to better handle larger vessels calling in Burrard Inlet, providing flexible capacity across GCT.

- ✓ Highest productivity in the Port of Vancouver
- ✓ Port leading on-time vessel performance and shorter port stays
- ✓ Industry leading truck transaction times
- ✓ Serviced by two Class I railways - CN & CPKC
- ✓ Recently modernized equipment fleet, including two new ship-to-shore cranes to better service larger vessels

Facility Details	Size	31 hectares (76 acres)
	Capacity	1,000,000+ TEUs annually
	Berth	2 - 619 contiguous metres (2,030 feet)
	Rail	On-dock, 2,926 metres (9,600')
	Rail Service	Daily to Canada & U.S. Midwest
	STS Cranes	6 Ship-to-Shore Cranes
